David Bowie – A Reality Tour – Perth 2004

Dear Jason

After the success of the David Bowie Concert we could not let the opportunity pass for us to say thankyou to you and your superb team for helping to create yet another successful Perth Concert. Thankyou for going that little bit further for last minute requests.

Despite the threatening weather and our isolated location, the Management were extremely happy with the exceptional service and the fantastic overall end result we provided.

As always Jason , we look forward to working with you in the future.

Yours sincerely

Tim & Camille Bradsmith
